2. **The application has been amended as follows:** The following Examiner's Amendment is based on the Amendment dated 10/24/2005.

Please cancel claim 19.

In claim 18, line 1, after "and", ~~transflective~~ has been deleted; ~~transmissive~~ has been inserted.

In claim 18, line 3, after "materials", ~~larger than 0.08~~ has been inserted.

In claim 18, line 5, after "portion;" ~~and~~ has been deleted.

In claim 18, line 7, after "portions", ~~;~~ and a slant reflector in the transmissive portion for reflecting backlight into reflective portion-- has been inserted.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

sandwiched between a top substrate and a bottom substrate; a bottom substrate having a transparent transmissive region and a reflective region; and a slant reflector for reflecting backlight.

5. The following is an examiner's statement of reasons for allowance:

Applicant's claimed invention distinguishes over the prior art for the following reasons. The claims are allowable over the prior of record because none of the references, either alone or in combination, discloses or renders obvious a transflective cholesteric liquid crystal display, comprising a slant reflector deposited on the top substrate and positioned above the transmissive region for reflecting backlight into the non-transparent region.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
